Chalet for rent in Switzerland in Madonna di Campiglio with 6 bedrooms

Acting as a gateway to the Adamello Brenta National Park, Chalet Nebula is perfectly situated for enjoying the countryside and the slopes of Madonna di Campiglio, one of Italy’s most sought-after resorts. In winter the chalet can be reached on foot in 30 minutes or you can take advantage of the shuttle service.

This traditional agriturismo has a typically rustic interior featuring wood panelling and a fireplace in the dining room, allowing you to feel instantly at home. Six bedrooms, each with a private bathroom, accommodate up to 12 guests.

Several of the bedrooms have a balcony giving you access to the enchanting views of the Dolomites. The chalet has a small spa with a Finnish sauna and Turkish bath. Choose from a rock salt massage, a refreshing ice cascade or an experience shower to enhance your day. An attractive dining room/restaurant serves traditional Trentino offerings, and much of the food is organic and locally sourced.

During the winter, it is impossible to reach the chalet by car, but parking is available in a covered garage in Madonna di Campiglio for an additional charge.
