Just a short walk from the blue Le Rouge piste, Chalet is ideal for families with novice skiers. The use of blended stone, old wooden furnishings, and high vaulted ceilings gives the open-plan living space a modern and contemporary feel. The open fireplace adds a warm homely ambiance, making it the perfect space to relax and unwind with your friends and family after a fulfilling day on the slopes. This spacious area also features an open kitchen, elegant wooden dining table, a comfortable sofa space, surround sound system and TV.

The living space leads onto a broad wrap-around balcony, perfect for a peaceful morning overlooking the mountain peaks. Chalet further boasts a ground-floor terrace with a charming sunken hot tub made from cedar wood. This five-bed chalet accommodates 13 guests; including a bunk room perfectly suited to five children. Other facilities of this modern chalet include a ski room with boot and glove warmers, laundry facilities, wine room, and large double garage.
